The Doorknob Sacrifices; A Black-Sun Ritual: 12 Celebrity "Suicides" related to Pedophilia Cover-up.

By Cory Daniel

30-38 minutes

A Black-Sun Ritual

It would seem that June 2018 culminated a lengthy ritual involving the sacrificing of 12 well-known celebrities and members of royal families. Whereas this will only be news to normies, there has definitely been a lack of coverage on the occultic aspects of these deaths.

It would seem that the normies/sheeple of the world have not batted an eye at the fact that 12 wealthy celebrities have all died in the same manner in the past few years under very similar and bizarre circumstances. Perhaps this is because the mainstream media refuses to report on their connections to elite pedophilia rings which tie directly to powerful people in Washington, Hollywood, and the mainstream media. People on the last presidential ticket in fact.

No. The mainstream propaganda media would have you believe that

12 independent and highly successful people with careers and influence hanged themselves on doorknobs. DOORKNOBS!!!

My first question is: How the hell does one hang themselves from a doorknob? Followed by: How common is this? Do people hang themselves from doorknobs regularly and I'm just now finding out about it? Is there a doorknob suicide club the rest of us aren't aware of? Well, the answer to that last question is "yes." One need only substitute the word "suicide" with "murder." Or simply use the word "suicide" in the past tense while maintaining its usage as a verb. Eg.

Hillary Clinton had Vince Foster "SUICIDED"

Or

Hillary Clinton opted to have Seth Rich die in a "botched robbery" as opposed to having him "SUICIDED"

You get the point. I would like the reader to know how excruciatingly hard it was not to list the other dozens of people who have committed suicide surrounding the Clinton administration dating back to the Arkansas days. But what does this have to do with "Doorknob Suicides" you may ask? Everything.

Pizza Gate, John Podesta (Hillary's campaign manager, child rapist/murder), **James Alefantis** (Restaurant owner front for DC child prostitution ring), **Henry Weinstein** (Hollywood Rapist), **Boys Town** (Male Child sex ring catering to politicians), **Israeli brown-stoning** (Israeli control mechanism for the U.S. govt, **Jerry Sandusky** (Low-level Pedophile who took the fall), **Jeffrey Epstein** (child prostitute procurer for the elite), **Hunter S Thompson** (Snuff filmmaker), **The Catholic Church** (Enough Said). **Hillary Clinton** (Rapist, murder, Deep State Luciferian), . None of these murders/sex rings are mutually exclusive. What's scarier is, they occupy seats of incredible power and operate within the normalized institutions of Hollywood and Washington while being insulated by media and pop-culture. **The desire for the supply of children for both pedophile sex rings and ritual sacrifice date back to the days of monarchy and are alive and flourishing within the institutions flowing within the undercurrents of our society today.**

So why did these 12 people die in nearly identical ritual suicides laden with occultic overtones? Quite simply because they were either in the thick of it or had

information which would've exposed those at the heart of the pedophile networks.

Why Doorknobs? Why 12? Where is the 13th? Skip to the second half of this article for an explanation of ritual mechanics.

In order of "Suiciding" they are as follows:

1) Michael Hutchence – 37

Died November 22, 1997.

INXS frontman Michael Hutchence's body was found hanging from a doorknob in Room 524 at the Ritz-Carlton hotel in Double Bay, Sydney. The occupant in the neighboring room heard an unidentified loud male voice and swearing at around 5 AM; the coroner was satisfied that this was Hutchence

arguing with another male. On February 6th, 1998, after an autopsy and coronial inquest, New South Wales State Coroner, Derrick Hand, presented his report ruling that Hutchence's death was a suicide.

According to reports, Hutchence had information regarding a "VIP pedophile ring" in the UK that was connected to child killing rapist Jimmy Saville and high-ranking politicians.

It should be noted that this was the first "suicide" of the 12 and began on the same day of the year JFK was assassinated. November, 22. Of course, the reason for this is because 11/22 add up to 33. A numerical masonic/occultic calling card to be sure. Hutchence's age also adds up to 10 or "1" [Visit my numbers study page for more info on this.](#)

2) David Carradine – 72

Died June 3, 2009

Perhaps the most occultic murder to them all. Hollywood actor David Carradine was found dead in his room at the Swissôtel Nai Lert Park Hotel on Wireless Road, near Sukhumvit Road, in central Bangkok, Thailand. He was there shooting his latest film, titled Stretch. **Really? Stretch?** A police official said that Carradine was found naked, hanging by a rope tied to the doorknob of the room's closet leading them to believe his death was suicide. However, later reports suggested that his death was accidental, the result of autoerotic asphyxiation.

Two autopsies were conducted, one involving the celebrity pathologist Pornthip Rojanasunan, and both concluded that the death was not a suicide. The cause of death became widely accepted as "accidental asphyxiation." Carradine's lawyer Vicki Roberts went on record stating: "I believe there may have been foul play."

Reports around the time of his death suggest that Carradine may have been involved in child sex tourism; a rampant issue in Thailand where he was found. If he was involved in pedophilia, could he have been connected to a wider network of Hollywood elite pedophiles?

Here we have the almighty "72". If ever there was a more complete and hermetic number for ritual work this is it. Of course, what better way throw collective common sense out the window than to write a sex scandal into the narrative. "Death by erotic asphyxiation." I'm calling

Bullshit on that. Was Carradine into the Pedo scene? It sure seems like there are more than a few connections. Unlike other people on this list, he wasn't in the process of attempting to out anyone at the time of his death.

3) Alexander McQueen – 40

Died February 11, 2010

The first of 3 fashion designers on this list, McQueen was found in the AM, hanging from a doorknob by his housekeeper at his home in Green Street, London where paramedics

pronounced him dead at the scene. Metropolitan Police stated that the note McQueen left was not suspicious, however, they did not confirm that his death was a suicide.

Photos of McQueen's fashion shows. It's obvious that McQueen was in the thick of it and made a regular habit of signaling his allegiance. As an occultist I can tell you that the attention to detail and themes portrayed in his shows were beyond that of casual decor. They ran deep.

Aaron Swartz – 26

Died January 11, 2013

Tech pioneer, and Reddit co-founder, Aaron Swartz was found dead in his Brooklyn apartment by his partner, Taren Stinebrickner-Kauffman. A spokeswoman for New York's Medical Examiner reported that he had hanged himself from a doorknob. No suicide note was found.

According to former-CIA agent Robert Steele, Swartz hacked into MIT Computers and found a huge stash of Child Pornography shortly before his death.

Another numerologically significant date. Jan, 11th is "1/11" and this number has a few meanings. first, 111 is 3 "1's" or 3. Master Mason is the 3rd degree. It is also the first 11 of the year. 11 symbolizes the pillars of Boaz and Jachin which sat at the entrance to King Solomon's Temple. 11 is also the first number after "10" which is the most perfect number and represents ILLUMINATION." "11" represents imperfection in government because it is one number short of 12, which symbolizes a perfect theocratic government. Satanists love to utilize this dystopian number in their ritual work. Of course, the triple and quadruple "1's" holds extreme significance in pop culture as a number everyone seems to notice regularly.

At first, the numerology surrounding this murder seems a little overkill, no pun intended. 11 is quite a powerful and significant number to utilize when weaving into a ritual. But upon a closer examination of Aaron's life, we realize that his death was most

certainly to be used as an example to other budding geniuses. Although Aaron no doubt more than likely had incriminating files of the elite pertaining to pedophilia he was also the spearhead of a movement to bring and maintain freedom of speech and presence on the Internet. The internet HAS replaced TV and IS the default platform for the human species at this point. Aaron posed a real threat to this.

L'Wren Scott – 49

Died March 17, 2014

Our second fashion designer on the list is L'Wren Scott, long time lover of Mick Jagger and (former girlfriend of Nate Rothschild) was found dead by her assistant at her apartment in the Chelsea neighborhood of Manhattan on March 17, 2014. The police reported that no note was found and there was no sign of foul play. The New York City Chief Medical

Examiner determined Scott's manner and cause of death to be "suicide by hanging."

I wonder what sort information concerning the underbelly of sex, privilege, and decadence the ex-girlfriend of a Rothschild and mega rockstar would be privy to which would either put her at jeopardy for elimination or make her want to kill herself? And the fact that I'm not buying the whole "death by doorknob suicide" Bullshit, I'm guessing she was silenced.

Robin Williams – 63

Died August 11, 2014

Williams died at his home in Paradise Cay, California. The

initial report released on August 12, the Marin County Sheriff's Office deputy coroner stated Williams had hanged himself after he was found hanging from a doorknob with a necktie. The final autopsy report, released in November 2014, ruled that Williams had committed suicide by hanging himself from the doorknob. Neither alcohol nor illegal drugs were involved, while all prescription drugs present in his body were at "therapeutic" levels, the coroner declared.

Williams had been a part of the Hollywood scene for so long, nearly anything one can imagine could possibly be true. There's a 100% chance Williams rubbed elbows with everyone in the Hollywood scene at one time or another and was exposed to everything Hollywood had to offer. The question is: How deep was he into the scene? Decades of cocaine and partying can lead to some pretty dark places. He most certainly knew the dirty secrets of Henry Weinstein and his ilk, but what most people forget is that these celebrities cross over into politics quite often and support the agendas of democrat candidates regularly. This is where we get into "brownstoning."

Hollywood insider and whistleblower Jon Robberson has chimed in on the Hollywood pedophile sex rings. He recently made [statements in an interview](#) regarding his belief that Robin Williams was most likely blackmailed into making the film Patch Adams.

And would do we make the Family Guy predictive

programming which transpired shortly before Robin's death? It's obvious that Seth McFarlane has a hand in the mechanics of these rituals.

Chris Cornell – 52

Died May 18, 2017

Cornell was found unconscious by his bodyguard, hanging from the doorknob in the bathroom of his hotel room at the MGM Grand in Detroit, after performing at a show with Soundgarden at the Fox Theatre on May 17. He was lying on the floor with an exercise band around his neck and blood in his mouth. An MGM medic and EMS personnel were unable to revive Cornell. Cornell was pronounced dead by a doctor at 1:30 a.m. Police ruled out homicide by reviewing a hotel surveillance video, which showed nobody entering or exiting

the suite after his bodyguard left at around 11:35 p.m. The cause of death was determined to be “suicide by hanging.”

Cornell’s death is surrounded by rumors that he was about to expose key players in the DC pedophile ring known as pizza gate. It’s no secret that Cornell and Chester Bennington, (Next on this list) died two months later the exact same way, had begun an organization to help at-risk children. Chester Bennington as you will learn is the son of John Podesta. You can’t make this stuff up.

Several have questioned what they say are gaps in the timeline. The police report says the bodyguard was in Cornell’s hotel room at 11:30 p.m. to help the star with the victim’s “computer, which was not working at that time.” It says Vicky Cornell talked to her husband at 11:35 p.m., and, alarmed by what she heard, she phoned the bodyguard to ask him to check on her husband. He told police he went to Cornell’s room at 12:15 a.m. Some question the apparent 40-minute gap between the start of Vicky’s conversation with her husband and the bodyguard’s welfare check at his room.

Assistant Wayne County Medical Examiner Theodore Brown said that upon a visual examination, “no pills were found in the stomach,” according to his report. But there’s no indication in the toxicology report that Cornell’s stomach was tested to determine the level of drugs there, since only the blood sample is cited. Cornell

also had nine broken ribs discovered at his autopsy. The official explanation was that the medics broke his ribs trying to resuscitate him using CPR. [An in-depth article on the investigation can be found here.](#)

Chester Bennington – 41

Died July 20, 2017

Linkin Park's Chester Bennington was found dead at his home in Palos Verdes Estates, California; his housekeeper discovered his body hanging from a doorknob around 9:00 a.m. His death was officially ruled as suicide.

On July 21, Brian Elias, the chief of operations for the office of the medical examiner-coroner, confirmed that a half-empty bottle of alcohol was found at the scene, but no other drugs were present. Believing himself to be a victim of child abuse, Chester Bennington was working with his best friend Cornell to expose a high-reaching child trafficking network.

But to say that Bennington believed himself to be a victim of child abuse is like stating that Adolf Hitler was simply a charismatic politician. Good lord this rabbit hole runs deep. The band's logo was a broken version of the triangle used in pedophile networks. There is no doubt that Bennington's entire existence was consumed by the ritualistic sexual abuse he sustained at the hands of his father John Podesta.

https://www.youtube.com/watch?v=TN60hPW4Z_k

What are the odds that two best friends who are about to expose a DC pedophile ring of which one of the friend's father was at the heart of died in the exact same bizarre manner and that the second want to die did so two months later on his best friend's birthday?

There is no doubt that Bennington would've struck at the heart of this DC pedophile ring more than likely bringing down Podesta, Hillary Clinton, and their networks. After all he had the DNA to corroborate his claim. I don't think Bennington knew just how much danger he was in.

Avicii – 28

Died April 20, 2018

Swedish DJ Avicii, real name Tim Bergling, died on 20 April 2018 near Muscat, Oman, at the age of 28. No cause of death was immediately given. On 21 April, the Omani police stated that there was “no criminal suspicion” or evidence of foul play in Bergling’s death. On 26 April, his family released an open letter stating that Bergling “really struggled with thoughts about meaning, life, happiness. He could not go on any longer.” On 1 May, TMZ reported that the cause of death was a suicide due to self-inflicted injuries. Although full details of his death were not released, TMZ reports that he suffered cuts from broken glass along with neck injuries. Although it is unclear what the injuries to his neck were, it could have been caused by asphyxiation and hanging has not been ruled out. After his death, it emerged that Avicii was working to expose an elite pedophile ring. One of his videos began to recirculate in which he attempts to expose child trafficking.

In 2015 Avicii did release a video for his song “For a Better Day” where he shows child sex trafficking taking place and two girls that escape from a man trying to capture them. The video later reveals that the two girls seek revenge on the ‘elite’ that were running this pedophile operation

Did Avicii have the clout and influence to help wake up an entire generation to the horrors of institutionalized and ritualistic pedophilia and our global governments and institutions? Or was he simply ritual fodder?

Kate Spade – 55

Died June 5, 2018

Our third fashion designer on this list is Kate Spade. Also linked to the Clintons Spade was found dead hanging by the neck from a doorknob in her Manhattan apartment. It is been said that “buying a Kate Spade handbag was a coming-of-age ritual for a generation of American women.” It’s obvious that’s not the only ritual going on here.

A note found at the scene was addressed to the Spade’s 13-year-old daughter indicating that what happened was not the child’s fault. Miss Spade’s entrance into the dark world of

privilege and decadence was when she met her husband to be, the brother of actor and comedian David Spade.

According to a Clinton Foundation [DOCUMENT](#), Kate Spade was among a group that traveled to Haiti on behalf of the Clinton Foundation. She was part of the foundation's initiative to foster "economic growth, support small businesses, and empower girls and women."

There's no doubt that Spade, who seems like a generally good person came across the same information regarding the Clinton foundation Haitian child sex trafficking network that got [Monica Peterson killed by the Clintons](#).

ALSO RELATED. Most believe that [Klaus Eberwein, a former Haitian government official was also "SUICIDED" in his Miami motel one day prior to testifying in court](#). Eberwein was scheduled to appear Tuesday before the Haitian Senate's Ethics and Anti-Corruption Commission. No doubt the topic of child sex trafficking and the Clintons was on the agenda. As a side note. *Klaus was also a partner in a popular pizza restaurant in Haiti, Muncheez, and has a pizza — the Klaus Special — named after him.*

Chelsea Clinton, the daughter of Bill and Hillary Clinton, paid tribute to the fashion designer via Twitter. "My grandmother gave me my first Kate Spade bag when I was in college. I still have it. Holding Kate's family, friends and loved ones in my heart."

SICK!!!

Equally as strange as Kate Spade hanging herself with a red scarf from a doorknob was the reaction of her husband shortly after the incident. Two days after Kate hanged herself from a doorknob with a red scarf Andy Spade was videotaped walking around in public wearing a mouse mask with a red scarf and newspaper hat. It was actually the mask of one of the characters from the classic Disney cartoon The Rescuers. This is some strange behavior that doesn't fit into any box. Who the hell just happens to have an Avengers mouse mask laying around the house? NO!!!

In my opinion, this was a public self-humiliation ritual. A nod, a message, a signaling of subservience to the Clintons or whoever had Kate killed that he understands and will be playing ball.

There is defiantly a much deeper story here which will never

be told.

Queen Maxima's sister Ines Zorreguieta – 33

Died June 6, 2018

Do we even need to mention she was [killed at 33](#)? Dutch Queen Maxima's sister Ines Zorreguieta (The only royalty on this list) was found dead in Argentina last week. Zorreguieta, 33, was found dead by a friend who discovered her body hanging from a doorknob in her apartment in the Almagro district of Buenos Aires. Police said the autopsy report would be available in a week but did not suspect foul play.

According to reports, Zorreguieta was connected to high-level elites involved in child trafficking. Queen Maxima stepped down after allegations of her involvement in "hunts" where children were raped and massacred by her dinner guests. Some speculators believe she may have been "silenced" before she could go public about a cabal-connected pedophile ring.

European royalty, especially the Dutch have a long history of being accused of not only engaging in pedophilia but hunting killing and eating children. If you're a normie this may seem shocking, but for those of us in the trenches this information is not new. David Icke has been screaming from the rooftops about this for over three decades and it's just now starting to get attention. Do your research, then share.

Anthony Bourdain – 61

Died June 8, 2018

At the height of his career, chef, TV personality, world traveler and armchair philosopher Anthony Bourdain decided to commit suicide by hanging himself from a doorknob. Because apparently that's just what you do when you're successful and have a great life.

Just prior to being "SUICIDED" Bourdain tweeted :

"know what Hillary Clinton is NOT? She's not stupid. Or unsophisticated about the world. The Weinstein stories had been out there for years."

"Mindless Hillary hate aside, this was a terrible response to questions about a "friend" who's been tormenting women for decades."

"I have met Hillary Clinton. I liked her. I admired much about her. This interview was a real disappointment."

"Hillary is CLEARLY not responsible for anything Weinstein. That's screamingly obvious. Her response to questions though has been uninspiring."

"..and I am in no way an HRC fan. I've been on the receiving end of her operatives' wrath. And it ain't fun,"

"It's no secret that people who cross the Clintons wind up dead...mostly from suicide,"

Occultic and ritualistic mechanics surrounding his death include: the show he was working on was in its 11th season. He died in France which is birthplace of the Scottish Rite within Freemasonry. Interestingly Bourdain participated in an ancient death ritual and the season finale of his TV show. parts unknown which aired two weeks after he was suicided. If this isn't predictive programming I don't know what is.

Ritual Mechanics of the Doorknob Suicides

Why 12?

12. At first, this seems like a good round number in which to structure a deep state-sanctioned ritualistic murder spree. However, upon second glance there's nothing arbitrary about it. It has everything to do with, wait for it, THE SUN. or The Son (Jesus) or any ancient god which was used at the time to represent the sun through stories and allegories. eg

Jesus had 12 disciples, Buddha had 12 followers, Quetzacoatl had 12 followers, the 12 nights of the roundtable, Hercules and his 12 labors, the 12 tribes of Israel, the 12 great patriarchs, 12 Old Testament prophets, 12 jewels of the high priest. And it goes on and on.

- 12 signs of the zodiac

- 12 months of the year
- 12 hours of the day
- 12 hours of the night
- 12 inches in a foot
- 12 days of Christmas
- 12 grades in school
- 12 step-programs
- 12 jurors
- 12 notes before the octave
- 12 eggs in a dozen
- 12 years of childhood before the “teens

Christianity and Astrotheology aside, these deaths and the fact that they were for further molded, packaged and deployed as 12 is taken full advantage of the resonance and occultic meaning behind this number as it relates to conscripting of these energies for use in ritual magick. Only in this case is a BLACK SUN RITUAL as this is overly perverted black magick.

In his masterpiece, *Secret Teachings of All Ages* Manly P Hall writes this:

The number twelve frequently occurs among ancient peoples, who in nearly every case had a pantheon consisting of twelve demigods and goddesses presided over by The Invincible One, who was Himself subject to the Incomprehensible All-Father. This use of the number twelve is especially noted in

the Jewish and Christian writings. The twelve prophets, the twelve patriarchs, the twelve tribes, and the twelve Apostles—each group has a certain occult significance, for each refers to the Divine Duodecimo, or Twelfefold Deity, whose emanations are manifested in the tangible created Universe through twelve individualized channels.

From *Mackey's Masonic Ritualist* pg.113

“The number 12 was celebrated as a mystical number in the ancient systems of sun-worship, of which It has already been said that Masonry is a philosophical development. The number there referred to the twelve signs of the zodiac, and in those Masonic rites in which the Builder is made the symbol of the sun, the twelve Fellow Crafts refer to the twelve signs in which alone the sun is to be sought for.”

Gnostic teachings tell us that there is only one true Square number. 144. or $12 \times 12 = 144$ which is pure math harmony both vertically and horizontally. This can easily be seen in music, but also affects our DNA and how we react to “vibrations.” REMEMBER physical acts are simply the vibrational manifestation of thought processes in our three-dimensional world. Our brain is nothing more than a 3 to 4th-dimensional interface machine. Ergo.... Practitioners of this magick understand that physical acts will have a bearing on the mind going the other way as well. Especially when it enacted in traumatic fashion and designed to resonate with natural energies. OR ritualistic magic.

But who is the 13th?

This should be obvious at this point. The 13th, is the SUN, GOD, or he who places himself in the stead of the Sun, Son, God, Sun-God. Jesus and Buddha were obviously the 13th. King Arthur was the 13th. God was the 13th in regards to the patriarchs. The sun is the 13th after the 12 constellations in the zodiac. And on and on.

Of course, this has an obvious association with Lucifer (bringer of light) who “wanted to be like the most-high.” What’s more, this behavior is represented throughout all religions and astrotheology and is always associated with the fall or destruction of man. or PRIDE. Lucifers sin.

There is a right and a wrong way to go about living and seeking knowledge. The first is to live in harmony with our world and its laws and energies as it has been laid out for us. Recognizing that the Sun is the giver of life / our Creator. The other involves the attempt to place oneself in the position of the Sun and through cleverness, back engineer these natural laws and bend them to one's own will. For Christians, Lucifer, the bringer of light or the bringer of knowledge, is representative of this second path. He represents the black 13

The Black Sun Ritual

This ritual is a simple inversion of the sacred 12 and one. A perversion of the natural energies of creation. Instead of the one, the source, the Sun giving life; it is extinguishing it. And not only this, but extinguishing it utilizing the 12 which normally keeps it in balance.

This entire protracted ritual involving 12 murders served two purposes simultaneously. Two purposes interconnected and equally vile. Dark hermetic magick that when carried out successfully multiplies the effectiveness of evil.

The first, to silence those who would uncover the pedophilia, corruption and the true nature of the political and Hollywood elite who feed on children. And when I say feed I mean feed completely. Energetically, sexually, and physically. These monsters have been consuming children for over 1000 years and their institutions are the same institutions that are in place today. These murders were meant to keep a lid on everything.

Second. The sacrifice. Is in accordance with the laws of the universe the debt must always be paid. This is not only the philosophical reason for sacrifice but the explanation of the physics behind it. The energies involved mandate that something must be sacrificed if something else is to be given. In this case, whistleblowers and people of the light were sacrificed. Perhaps these people were dirty and engage in pedophilia and had a change of heart or perhaps they were weak and would've caved under pressure are perhaps they were victims themselves. It matters not.

Why a Doorknob? The Meaning Behind the Metaphor

Following the death of Bourdain, Ex CIA spy and whistleblower Robert David Steele has come out to shed some light on the rash of suicides. Steele states that all these suicides bear the hallmark of professional hit job designed to silence others in going public with damaging political information. It is a calling card, a message, a signal to others. No different than a Columbian necktie, or spiking heads on the edge of villages. It is designed to instill fear into the hearts of people and maintain their silence.

It is pretty well understood that is incredibly difficult yet not impossible to kill one's self by committing suicide in this manner. There are other ways to go about the act both emotionally and physically. This method, along with the numerology, timing, and sheer numbers of deaths are nothing less than a public display of punishment.

Robert David Steele goes on to say that the circumstances of the deaths have a significant symbolic meaning that intelligence agencies immediately recognize.

“Hung on doorknobs means choked for speaking out against the cabal.”

These people were choked to unconsciousness and then hung on a doorknob to die alone slowly only to have their bodies used as a message upon being found.

Is it possible to hang one's self from a door knob?

The answer to this macabre question is a resounding YES. With a few keystrokes, one can find an entire website dedicated to explaining in detail how to accomplish this, along with every other conceivable method of ending one's

life. From the website:

Whilst generally the literature considers asphyxiation via constriction of the airway as the main cause of death in short drop hanging, Stone¹ does discuss how short drop hanging can take place without the pain and discomfort of the airway being blocked. The idea is to have enough pressure from the noose on the right side of the head, just below the jaw, to constrict the carotid artery. Interrupting the blood flow to the brain causes swift unconsciousness (in 15 seconds or less²), then what should be death in five to ten minutes.

Likewise, death can also be achieved by constricting the jugular vein under the left side of the jaw, which prevents blood from getting back to the heart.

Apparently, one of two methods is used for a legitimate doorknob hanging suicide. The first, tie the rope, scarf or elastic gym equipment to the doorknob and run it over the top of the door giving yourself enough room to dangle. The second. Tie the rope to the doorknob and then to the neck and sit down until you choke yourself unconscious. At which point one would die without pain or terror. The problem is, human survival instinct ALWAYS kicks and people fight for air to stay alive. It's the body which fights to stay alive, not the person. That is unless they are drugged or unable to do so. **This is why it is strange that so many of the above suicides didn't involve any drugs.**

Years ago I had a friend whose adult son drowned himself in their above ground pool. I and a friend were the first to arrive

and pull his body from the pool. This hadn't been his first attempt at drowning himself and he'd been quite open in the past while talking about his fail attempts. This time, however, he managed to pin himself between the side of the pool and the metal stairs before exhaling to prevent himself from surfacing.

Have people hung themselves by doorknobs in the past? Apparently, they have. **Do I believe that 12 celebrities connected to both the Clintons' and pedophilia in one way or another all decided to hang themselves from doorknobs right in the middle of a DC pedophile ring scandal (Pizzagate) just prior to the implosion of Weinstein and the #METOO movement? Hell no, I don't.**
